### **Product Specification gfw**

Product: Autopsy Table with pedestal and height adjustment

Cat.-No.: MA-0982

# Autopsy Table ( Pedestal Design ) with plain work area and 300mm height adjustment from 780 – 1080mms

Type: 0982.1

### **Description**

Standard autopsy table with center column in high quality execution. Work area provided with sound absorbing pad. Work surface with a negative = concave (one central drain) or positive = convex (two drains left and right) embossment.

Extra large square pedestal (1200 x 600mm) with strong base plate for optimum strength and stability.

Sink 500 x 400 x 250(D)mm) with overflow-valve and shortneck-inflow-tap. warm - / cold water knee operated valve. Flexible shower with 3m hose, which maybe fixed in the centre of the organ sectioning table (optional accessory) for optimum wash down purposes over the whole length of the body.

The pedestal contains 2 revision doors for easy access in case of service, the extraction and sanitary installations and of a unique, sturdy stainless steel frame for optimum stability.

#### Description

The detachable strainer in the worktop is present to catch coarse impurities. With security locks and an overflow to protect tissue loss and constipation.

Completely encircling the edge profile with internal and external rounded corners for easy care and injury protection. Inner surfaces of the upper part complete with sound dampening coating. Completely waterproof lining.

### Features

- 2 x splash proof 220V receptacles and up / down switches on both sides of the pedestal for effective work cycle
- The double slot extraction system avoids dirt and waste to enter the duct work and the inside of the pedestal
- Adjustable height by means of 2 electronically controlled lifting columns for optimum stability. Maintenance-free design. Smooth lifting action. (no hydraulic system which needs frequent maintenance). This unique service free feature guarantees a very good sturdy design and consequently, a long life cycle of the product itself under daily tough work conditions
