

Product: Veterinary Anatomy / Pathology Dissecting Table with 4 feet and Sink
Cat.-No.: MA-2030

Veterinary Table, mobile with 4 feet & sink

Type: 2030

Description

Newly designed concept with a none-perforated work area for optimum stability. For use in Human & Veterinary Pathology.

Standard Veterinary table, mobile, with 4 quality "hospital" castors with breaks.

Drain hole off-centre which eliminates clogging of drain. It is possible to hang a bucket or "closed" container below the drain hole.

With sturdy work plate for optimum strength and stability.

The work area of the table is embossed negatively (concave) or positively (convex). It contains a large drain sewer with a residue basket. The underside of the plenum is noise dampened.

The table contains a sturdy frame for optimum stability. This unique feature guarantees a very good sturdy design and consequently, a long life cycle of the product itself under daily tough work conditions.

Features

- closure for drain holes
- hook for bucket / waste container
- sturdy 40mm framing.
- lower storage area.

Technical data

Material: stainless steel EN/DIN 1.4301 (AISI 306) double polished for all parts

Dim. overall: 2500(L) x 1000(W) x 700(H)mm
